

September 13, 2018

Providers,

We will be having a fun get together on October 10th at 6:00 in the TISA gym. We are asking that you bring a dish of your choice, since this will also be a potluck dinner. The theme is Halloween so if you would like to bring a Halloween themed dish or treat that would be great. I know Deb is going to bring eyeballs (meatballs) and Corrine is going to bring goulish cupcakes.

We will be also making a Halloween treat that you will be able to make with your children. If you have any ideas that you have done with your children that is Halloween related, please bring your idea along to share with the group. 😊

We will also have a guest speaker, Greg Bender. He is the field nurse for the Trenton Clinic. The topic he will be sharing with us is in regards to Influenza and Immunizations.

Please let me know if you will be attending.

See you in October,
Deb & Connie
